

Thursday 5 November
EU-India PARTNERING EVENT

Theme: Health

Hari Shanker Sharma
University Hospital
Uppsala University
Sweden

A joint event organized by

This event is co-funded by
the Seventh Framework
Programme, European Commission

Uppsala University

Health: Neuroprotection & Neuroregeneration

- University
- Research & Development
- Expertise in International Collaboration
- Active partner of Several EU Projects
- Co-operation with US Military Organizations
- Co-operation with several EU and US Universities
- Research on Neuroscience
- Leading expert in Health Science

A joint event organized by

This event is co-funded by
the Seventh Framework
Programme, European Commission

INDIGO

EUINEC

European Business and Technology Centre

Biocircle

To Find out new therapy of CNS injuries and Repair

Expertise in cell biology
Electron microscopy
Light Microscopy
Immunohistochemistry
Biochemistry
Molecular biology
Electrophysiology

A joint event organized by

This event is co-funded by
the Seventh Framework
Programme, European Commission

PROJECT IDEA

CNS Injuries & Repair

Role of Nano-drug delivery

Nanoneurotoxicity

In vivo model of neurotrauma

Hyperthermia

Drugs of abuse

Therapy

SiO₂ nanoparticles, Cu, Ag, Al
Mn

A joint event organized by

This event is co-funded by
the Seventh Framework
Programme, European Commission

INDIGO

ebtc

European Business and Technology Centre

Biocircle

Partner

Having Laboratory with animal facility for long-term neurotrauma research

Possibility of transgenic animals?

We Offer

All expertise on morphology, biochemistry, electrophysiology
And transmission electron microscopy to study drug therapy including
Nanodrug delivery

A joint event organized by

This event is co-funded by
the Seventh Framework
Programme, European Commission

INDIGO

EUINEC

Biocircle

CONTACT DETAILS

Hari Shanker Sharma
Uppsala University
